

INTERNSHIP / PARIS, FRANCE

SUPPLY CHAIN & QUALITY ENGINEER M/F

1 OUR MISSION

We believe in a future where nature and technology could blend, to address the next technological challenges.

Woodoo is specialized in groundbreaking biomaterials based on the structural transformation of wood at the molecular level. Our wood materials can be translucent and tactile, or 4 x sturdier and weather resistant, with applications in automotive, aeronautics, luxury or consumer electronics. We are here to help the industry reduce its carbon footprint by providing alternatives to carbon-emissive materials. We strive to produce renewable materials from regenerative forestry. Woodoo has won more than 40 major international and national awards (from MIT, World Economic Forum, Horizon H2O2O, Solar Impulse Foundation...).

2 JOB DESCRIPTION

We are opening a new supply chain & quality internship opportunity to support operational and strategic tasks of different company departments.

In order to ensure the traceability of the different steps of processing, the inventory management and the quality control, you will be in charge of designing and implementing an internal monitoring process solution. With the support of all the departments, you will collect the requirements, summarize the specifications and formalize the appropriate management tool.

- You will participate in improving our database and our information system
- You will analyze the different production processes to ensure the traceability
- You will ensure the implementation of the necessary traceability tool
- You will be in close contact multiple internal departments (Production, Supply, Quality and Optics)

3 YOUR QUALIFICATIONS

You are an exceptional BS or MS in industrial engineering with relevant academic or industrial experiences.

You are creative in your field with a pioneering spirit:

- Strong expertise in using Excel (VBA/Macro/TCD)
- You have basic knowledge of ERP system
- You are fluent in both English and French
- Initiative, autonomy, pragmatism and interpersonal skills are part of your DNA
- Analytical approach to problem solving
- Strong communication skills

4 FEELING LIKE JOINING OUR TEAM?
